North American Millwright Opens New Facility In West Virginia

FOR IMMEDIATE RELEASE: *Inwood, West Virginia, September 28, 2020:* North American Millwright Services, Inc. (NAMS) has expanded with a new facility in West Virginia. The space will open its doors on October 1, 2020. The latest expansion comes on the heels of North American Millwright's hyper growth over the last 5 years and with the uprise of new manufacturing plants in the Martinsburg region.

"We are very pleased to announce the opening of our West Virginia facility," says CFO/COO Jim Russell. "We look forward to being part of this community and the continued growth of North American Millwright Services. A special thank you to Jim Linsenmeyer from the West Virginia Development Office, and the Martinsburg Chamber of Commerce."

The new facility is located at 151 Business Park Drive, Inwood, West Virginia, and is comprised of a 10,000 square foot assembly area. Its staff will be made up of some of the most talented Millwrights in the region, and will house the equipment and materials to handle every need of all manufacturing plants in West Virginia.

To learn more or to schedule an appointment, please contact your NAMS representative or the contact listed above.

###
